§171.02(C) Meter Use Fee.

(1) In addition to the water and sewer charges each site that has a water meter shall pay a fee of \$11.76 per month per live meter access point for each month that it is located at a service site even if water and sewer service is not active at the site. The monthly meter fee shall be added to the water and sewer bill that is issued to each customer and shall be due and payable when the water and sewer bill is required to be paid. In the event that a service site is not receiving water and sewer service then the meter use fee shall be due and payable when the water and sewer bill is required to be paid. Failure to pay the meter use fee shall be subject to the late penalty provisions of §171.02(D) hereinafter provided.

Partial payments or payments by checks that are not honored shall not be considered "paid" until paid in full by cash, money order, or until such time as the dishonored check is honored. In the event that an account is more than thirty (30) days past due and service has not been disconnected an additional ten percent (10%) shall be added to the customer's bill for each and every month that the bill remains unpaid after the scheduled due date provided that in no event shall the late penalties provided herein exceed \$500.00 per month.

(2) Penalties shall be compounded and thus penalties shall be calculated on top of penalties.
